

Ideas for Connecting Learning (ICLs)

Key Stage 2 Years 6 & 7

Wonderful World

Primary Languages

focus

Through exploring the world in which they live children become aware that they are members of a global community. They observe the natural world they live in and reflect on our ever-changing world, now, in the past and future.

Wonderful Me

Suggested Learning Intentions

Children will:

- be able to remember and respond to words and phrases;
- be able to follow instructions;
- be able to recognise familiar words;
- be able to copy familiar words using a model.

Suggested Activities

Revise or introduce language around describing your physical appearance using picture cards or PowerPoint. Practise the new language with parachute and Circle Time activities such as Change if you have blue eyes etc.

In teams play the Line game on the blackboard. The children are in teams of four or five. Number 1s come to the board at the same time and each has to draw a part of the body called out by the teacher, for example the legs, or the arms. Number 2s, 3s, and 4s follow each drawing a different part. Extra vocabulary for tattoos and piercings can be added! When the bodies are completed the process can be reversed by asking the children to rub out a part at a time.

Play a simple version of Twister using only right hand/left hand, and right foot/left foot.

Introduce the vocabulary for hobbies and pastimes using mime and picture cards. Carry out a class survey on hobbies and present the findings in the TL.

Travelling Around the World

Suggested Learning Intentions

Children will:

- be able to ask and answer simple questions;
- be able to recognise familiar words;
- be able to copy familiar words using a model.

Suggested Activities

Remind the class that when people travel they must carry proof of identity and this can be a passport or an ID card.

Look at a sample 'ID' card in the TL. The children work in pairs to work out the meaning of the different pieces of language and share their ideas with the class.

Bring 5 volunteers to the front of the class, number them 1 to 5 and give each one an ID card. The rest of the class have an incomplete data base which they have to complete by asking questions of the volunteers, such as Number 1, What age are you? Number 2., What nationality are you?

Each child then makes a simple personal ID card with information about:

- first name;
- family name;
- age;
- nationality;
- town;
- hobby;

A photo can be added and the cards displayed.

If the children prefer, allow them to make imaginary ID cards or ID cards for cartoon, fictional or celebrity characters such as Harry Potter, Tracey Beaker, Bart Simpson and so on.

Wonderful Country

Suggested Learning Intentions

The children will:

- know about the culture of the TL country;
- be able to recognise and copy familiar words.

Suggested Activities

In groups choose one aspect of the TL country to research and present to the rest of the class. The group choose the format of the presentation: PowerPoint presentation, a drama, an oral presentation, a poster or an information booklet.

Groups may choose to find out about aspects of:

- lifestyle- food, school, sports;
- geography - landscape, climate, products;
- history-traditions, celebrations, famous people.

The children should use original names and terms and be encouraged to use as much of the TL as possible.
